

BAIONA N DÚO EXT

TOUCH-FREE ELECTRONIC LAVATORY FAUCET

SPECIFICATIONS

Touch-free electronic lavatory faucet, activated by an infrared sensor. With mixer for water temperature adjustment for hot and cold water. Available with an external 9V battery or a 9V transformer. Filters included. One piece solid brass body for added vandal resistance. Sensor range is adjustable manually and by remote control. Other sensor settings (delay in, delay out, security time) can also be adjusted by remote control. The faucet will automatically shut off after 90 seconds of use. Includes a low battery level indicator.

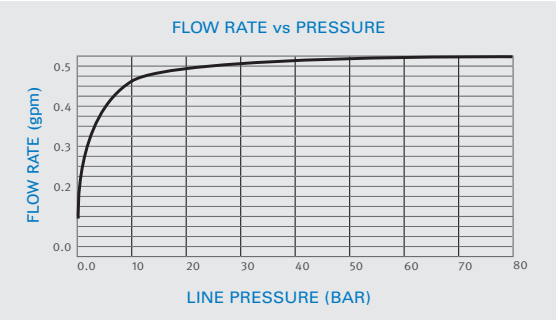

OPERATION

Touch-free electronic faucet operated by an infrared sensor. The faucet automatically activates when users place their hands within sensor range and stops when they remove them from the sensor range.

APPLICATION

Deck-mounted faucet combining an elegant design with anti-vandal features. Helps washrooms cleanliness, saves water and prevents cross contamination. The Classic line is long lasting even in the harshest installation sites. Ideal for transportation hubs, train and bus stations, highway rest stops and stadiums.

| PRODUCT AT A GLANCE | |
|----------------------|---|
| Installation | Lavatory mounted |
| Power Supply | • 9V battery • 9V transformer |
| Operating pressure | 0.5-8.0 BAR / 7.0-116.0 PSI |
| Water Supply | Hot and cold water |
| Water flow | 6 lpm / 1.58pm SSR PCA stream |
| Water Saving Options | 4 LPM / 1 GPM ; 3 LPM / 0.8 GPM ; 1.89 LPM / 0.5 GPM ; 1.3 LPM / 0.35 GPM - PCA spray |
| Water temperature | Max 70° |
| Security Time | 90 seconds. Adjustable by remote control |

This graph applies to 0.5 GPM option only.
