

# GRAN BAIONA DÚO SERIES

## SPECIFICATIONS

Touch free electronic faucet for deck mounted installations. For hot and cold water, the faucet includes a mixer to adjust water temperature and filters. Activated by an infrared sensor. Includes a low battery indicator. Latching solenoid valve is located above deck inside the product, which makes it more resistant to vandalism. Solid brass one-piece construction. Sensor range is adjustable manually and by remote control. The following settings can be changed by using the Kassel remote control: sensor range, security time, delay in, delay out and on-off.

## OPERATION

Touch free electronic faucet. The faucet is activated automatically when the user brings his hands within the sensor range, and stops when the user removes his hands.

## APPLICATION

Deck mounted faucet combining an elegant minimalist design with anti vandal features. Enables an easy installation and is long lasting even in the harshest installation sites. Helps washrooms to stay cleaner and save water. Prevents cross contamination. Ideal for stadiums, train and bus stations & highway rest stop.

### PRODUCT AT A GLANCE
