

# MIRANDA N WALL MOUNTED DP TOUCH-FREE WALL MOUNTED FAUCET

## SPECIFICATIONS

Touch-free wall-mounted electronic faucet. For cold or premixed water. For concealed installation in concrete or brick walls and installations with no back access. Powered by IP67 dual power input box that allows the faucet to be used with 9V battery or 9V transformer. Can be powered by a 9V transformer and an integrated back up system to be used with 9V lithium battery enabling the faucet to be used normally in case of power failure. Chrome plated body, other finishes available. Activated by concealed sensor built into the spout. Filter included. Sensor includes a low battery indicator. Adjustable settings by remote control: sensor range, security time, delay in, delay out, on-off and reset to factory settings.

## OPERATION

The faucet is automatically activated when users place their hands in the sensor range and stops when the users remove their hands.

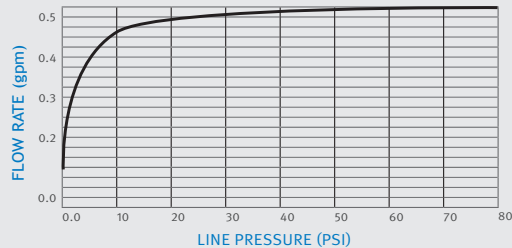

## APPLICATION

Combining an elegant design with vandal-resistant features. Concealed installation in brick walls. Helps washrooms stay clean and saves water. Prevents cross contamination. Ideal for offices, hotels and restaurants. Paired with MIRANDA N WALL SOAP DISPENSER touch free soap dispenser, it creates a germ-free and automated environment.
