

MIRANDA R EXTRA SOAP DISPENSER

TOUCH FREE DECK MOUNTED ELECTRONIC SOAP DISPENSER

SPECIFICATIONS

Touch-free electronic soap dispenser for deck-mounted installations. Activated by infrared sensor. For use with any non-proprietary soap. Long body version 304 mm / 11.96". Chrome plated body, other finishes available. Includes a 1 liter soap bottle and bottle support. With a designated peristaltic pump that prevents clogging and back flow. Remote installation option: extension cable and longer piping. Adjustable settings by remote control: soap quantity, soap tank refill, temporary off and reset to factory settings.

Operation

Touch-free electronic soap dispenser operated by infrared sensor. The soap dispenser automatically activates when users place their hands within sensor range, providing a measured amount of soap (adjustable by remote control). If the users remove the hand before the full amount is dispensed, the soap dispenser immediately stops the soap flow.

Application

With the dripless automatic shutoff, this soap dispenser helps washroom organization and cleanliness. Combined with the touch-free electronic faucet, it creates a germ-free automated environment. Ideal for Ideal for stadiums, train and bus stations and highway rest stops.
