

### SPECIFICATIONS

Touch-free wall-mounted electronic faucet. Activated by an infrared sensor. For cold or premixed water. Powered by a 9V battery or a 9V transformer with an integrated 9V battery backup system in case of power failure. Chrome plated body, other finishes available. Adjustable settings by remote control: sensor range, security time, delay in, delay out, on-off and reset to factory settings.

### OPERATION

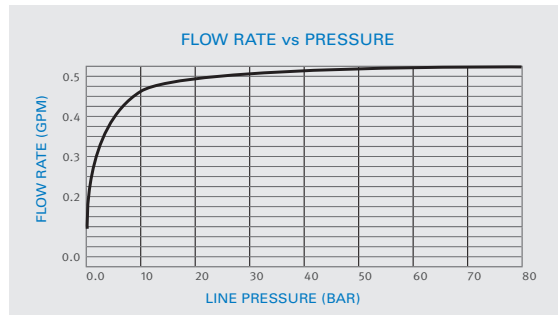

The faucet will automatically activate when users place their hands in the sensor range and will stop once the users remove their hands.

### APPLICATION

Wall-mounted faucet. Combines a minimalistic design with vandal resistant features. Helps washrooms stay clean and saves water. Easy installation. Long lasting even in the harshest installation sites. Ideal for shopping malls, sport facilities and entertainment centers.
