## TOUCH-FREE ELECTRONIC LAVATORY FAUCET

### SPECIFICATIONS

Touch-free wall-mounted electronic faucet. Activated by an infrared sensor. For concrete and brick wall installations. For cold or premixed water. Powered by 9V battery or a 9V transformer. Chrome plated body, other finishes available. Adjustable setting by remote control: sensor range, security time, delay in, delay out, on-off and reset to factory settings.

### OPERATION

The touch free electronic faucet will automatically activate when the user places hands within the sensor range and will deactivate automatically once the user moves hands outside of the sensor range.

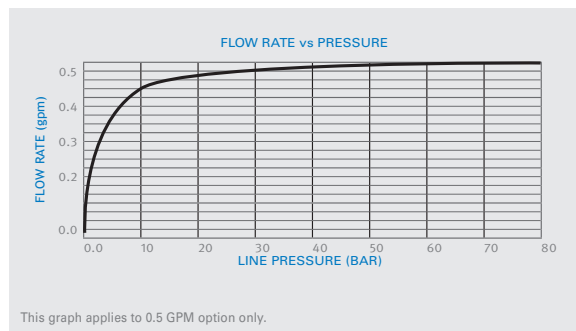

### APPLICATION

Wall-mounted faucet. Combines a minimalistic design with vandal resistant features. Helps washrooms stay clean and saves water. Easy installation. Long lasting even in the harshest installation sites. Ideal for shopping malls, sport facilities and entertainment centers.
